

THE CLARK FUND

The original terms of Joseph H. Clark's bequest provide for a permanent fund, "the income of which shall be devoted to the encouragement and advancement of original research in such manner as the President and Fellows of such College shall deem best." The Committee on Faculty Research Support administers these funds.

These funds are to be used for faculty research purposes, such as paying undergraduate and graduate students for research assistance, obtaining or duplicating documents or other research materials, traveling to research sites, or acquiring computers or other equipment needed to carry out research tasks.

The Committee will review requests for funds in accordance with the following guidelines:

1. The maximum award is \$6,000 over any three-year period. Both junior and senior faculties are encouraged to apply.
2. Applications for travel or a computer should explain why the travel or computer is necessary for research purposes.
3. The Committee strongly encourages requests for matching funds and grants that make use of the Faculty Aide program, student work-study program, and graduate students, rather than more costly alternatives.
4. During any four year period, individuals may request funds to purchase one computer for research purposes.
5. The Committee is ordinarily unable to provide support for faculty salaries.
6. The Committee does not provide support for conference travel.

Please answer each question on the application and include a detailed budget explaining how each request relates to the current research. In accordance with standard University practice, nonexpendable materials purchased with grant funds revert to the appropriate division of the University upon completion of the work for which a grant is made or when the faculty member leaves the University. Computers and other forms of equipment should remain with the department. Microfilms, photocopies, or any books purchased, because they were not available in our libraries, should be deposited with the appropriate division of the University Library.

ELIGIBILITY:	Voting members of the Faculty of Arts and Sciences and FAS Emeriti Faculty Members.
WHEN TO APPLY:	Applications must be <u>received</u> in the Financial Office by Wednesday, March 14, 2007 for July 1, 2007 awards.
WHERE TO APPLY:	Submit applications to Sue Rose, 1414 Massachusetts Avenue, Room 477.
AWARD LEVELS:	Up to \$6,000 over three years. Grants awarded remain available for two years.
