

**COURSES FOR STUDENTS INTERESTED IN EXPLORING APPLIED MATHEMATICS:**

**First Year and Third Term**

- Students should have completed **Math 1a** and **Math 1b** by the end of the first year.
- Those with an advanced math background may wish to enroll in either **Math 21a and 21b** or **Math 19a and 19b**.
- **Applied Math 50hf**, Introduction to Applied Mathematics (fall and spring) is also a good introductory course to the Applied Math concentration.
